Dear Uzzal,

This a Draft drawing for Kalishankarpur FootBridge. This is forwarded for Preparation of Cost Estimate.

Before finalization we shall request you to conduct Soil Boring Up to 120 feet. We shall issue an official letter requesting this very soon.

Existing Soil conditions are not suitable for Construction of Bridge. However

We have prepared Foundation drawing so that you can have an educated guess about the cost involved in the foundation.

Please inform us about any query regarding this draft drawing promptly.

Yours Sincerely,

--

(Jakaria Pervez)  
Executive Engineer,

Sir,

I have the honor to send you the modified design of Kalisankarpur bridge, as per discussion with the field office.

Sakib Bin Rafi  
Assistant Engineer  
Design Circle-8  
Bangladesh Water Development Board
